Summary

About Me:

Enthusiastic Front-End Web Developer passionate about crafting visually stunning and user-friendly websites. With expertise in HTML, CSS, SCSS, Bootstrap, Tailwind CSS, JavaScript, TypeScript, React.js, Next.js, Node.js, MongoDB, and Firebase, I bring a comprehensive skill set to deliver seamless and engaging user experiences.

Technical Skills:

- Front-End Development: Proficient in creating captivating user interfaces with HTML, CSS, SCSS, Bootstrap, and Tailwind CSS.
- JavaScript and TypeScript: Skilled in developing dynamic and scalable web applications using both JavaScript and TypeScript.
- React.js and Next.js: Extensive experience in building modern, responsive, and efficient web applications with React.js and Next.js.
- Firebase: Utilize Firebase for backend services, authentication, and real-time database functionalities.
- Node.js: Professional expertise in Node.js for robust server-side development, ensuring a holistic approach to full-stack projects.
- Database Management: Proficient in MongoDB for efficient NoSQL data storage and retrieval.

Projects:

1. Sticky Wall (React, Bootstrap, Firebase):
- Developed a user-friendly e-commerce platform using React and Bootstrap for the front end.
- Integrated Firebase for backend services, ensuring a seamless and secure shopping experience.
- Real-time updates and dynamic functionalities enhance user engagement.

2. Article Generater And Comment Generater (Next.js, ChatGPT API, Node.js, MongoDB):
- Innovatively designed a chat application using Next.js, Node.js, and MongoDB.
- Integrated the ChatGPT API for artificial intelligence, providing context-aware interactions.
- Scalable architecture ensures real-time communication and dynamic user experiences.

Skills Summary:
- Adaptability and Learning: Swiftly adapt to evolving technologies, staying ahead in the dynamic world of web development.
- Collaboration Skills: Excel in both independent work and collaborative team environments, delivering impactful web solutions.

Conclusion:

In essence, I am a versatile Front-End Web Developer with a robust skill set, creating engaging user experiences using technologies like React.js, Next.js, Firebase, Node.js, and MongoDB. My projects, from e-commerce platforms to AI-driven chat applications, showcase my commitment to innovation and user-centric design. Eager to contribute my skills and continue growing in dynamic and innovative environments.

Experience

Full Stack (Nextjs) Developer
SLICK STARTER
Nov 2023 - Present (3 months)

Frontend Developer
SLICK STARTER
Oct 2023 - Jan 2024 (4 months)

Education

National University of Modern Languages (NUML)
Bachelor's degree, Computer Science
Sep 2021 - Jun 2025

Skills

User Authentication • MongoDB • TypeScript • Next.js • Node.js • Tailwind CSS • JavaScript •
React • Firebase • Full-Stack Development
